

February 6, 2017

Dear Parents,

The Music Department at Ocee will be celebrating **Music in our Schools Month** in March. Our Star Searchers have discovered many musically talented Ocee parents, from opera singers to electric guitarists! During the week of Monday, March 20, through Friday, March 24, we will be hosting adult musical demonstrations for our students. They will be held informally in the music classroom during your child's music time.

We would like to invite all parents and other relatives, as well as friends and private instructors, to perform on any musical instrument including voice. Music selections may be of any variety. We welcome experienced performers as well as beginners. This will be a wonderful learning experience for our children, so if you can **"hum a few bars"** or **"toot a horn,"** please sign below for the time you wish to perform and return it to your child's music teacher.

The schedule of music classes is on the back of this letter. The visitor's policy in Fulton County now directs everyone visiting our schools to our website at www.fcsvolunteers.org for an online training for FCS Child Abuse Reporting, if you have not already taken it. This is not a long online training. We apologize for the extra work, but the children always enjoy our performers. It is so worth your time, and we appreciate you for taking the time to educate and expose our children to musical selections.

Sincerely,
Sharon Raines
Bonnie Wehr
